

BREEAM® DE BREEAM® AT	Information on Top-Up Training for BREEAM International Experts	 Industrie Service
Dok.Nr.: TUT01	BREEAM AT / DE Neubau	

Do you already hold a licence as BREEAM International New Construction AP, BREEAM UK New Construction AP or as BREEAM International New Construction Assessor and intend to work in the correspondent role on projects in Germany and/or Austria?

To be able to do so, you will need to hold a valid licence or be listed for the schemes BREEAM DE Neubau and/or BREEAM AT Neubau with TÜV SÜD. It is possible to simply top up your existing licence/listing in the correspondent role, mainly by attending a Top-Up Training for International BREEAM Experts. Further information and a description on the process, according to the role you are seeking, can be found below.

For BREEAM International New Construction APs and BREEAM UK New Construction APs who are seeking a listing as BREEAM DE/AT Neubau AP:

- Please indicate your interest in attending the Top-Up Training for International BREEAM Experts by sending an E-Mail with the subject "Interest in Top-Up Training for International BREEAM Experts" to breeam.nso@tuvsud.com. Please specify:
 - the role for which you are already listed,
 - the role you are seeking,
 - the urgency and latest possible date for your attendance.
- As soon as there are enough participants or an urgent enquiry, the registration form for the training will be sent to you. By sending it back completed, you officially register for the training and will receive the invoice of 750€ + VAT. Please also check the document "[Gebührenordnung](#)" on our homepage to find this information.
- A date for the training, that suits all participants, will be arranged.
- The Top-Up Training will take around 3 hours and will be held online and in English, if needed.
- After passing the training, you will be able to be listed* at TÜV SÜD as BREEAM DE/AT AP. It is not necessary for APs to pass an additional exam.

*Please note that the listing as BREEAM DE/AT Neubau AP will be charged as described in the document "[Gebührenordnung](#)", regardless of other fees for listings already paid to the BRE global or other NSOs. With the listing as BREEAM DE/AT Neubau AP with TÜV SÜD you can work on projects in Germany as well as on projects in Austria.

BREEAM® DE BREEAM® AT	Information on Top-Up Training for BREEAM International Experts	 Industrie Service
Dok.Nr.: TUT01	BREEAM AT / DE Neubau	

For BREEAM International Assessors who are seeking a licence as BREEAM DE Neubau Assessor and/or BREEAM AT Neubau Assessor:

- Please indicate your interest in attending the Top-Up Training for International BREEAM Experts by sending an E-Mail to breeam.nso@tuvsud.com. Please specify
 - the role for which you are already licenced,
 - the role you are seeking,
 - the urgency and latest possible date for your attendance.
- As soon as there are enough participants or an urgent enquiry, the registration form for the training will be sent to you. By sending it back completed, you officially register for the training and will receive the invoice of 750€ + VAT. Please also check the document "[Gebührenordnung](#)" on our homepage to find this information.
- A date for the training, that suits all participants, will be arranged.
- The Top-Up Training will take around 3 hours and will be held online and in English, if needed.
- It is *necessary* for Assessors to pass an additional oral exam which will take around 30 minutes and which can be undergone online and in English, if needed. It will be charged with the amount of 500€ + VAT. Please also check the document "[Gebührenordnung](#)" on our homepage.
- After having passed the oral exam, you will be able to apply for a licence* at TÜV SÜD as BREEAM DE and/or AT Neubau Assessor.

Please mind that a BREEAM DE/AT Neubau Assessor needs to conduct an appropriate number of site visits, regardless of where the Assessor or the Assessor Organisation is based.

*Please note that a licence as BREEAM DE Neubau Assessor and/or BREEAM AT Neubau Assessor will be charged with a licence fee as described in the document "[Gebührenordnung](#)", regardless of other licence fees already paid to the BRE global or other NSOs.

Please mind that there are separate licences for BREEAM DE Neubau Assessors in Germany and BREEAM AT Neubau Assessors in Austria as described in the relevant documents.
